National Conference on Operations & Fulfillment

We will be running the PACjacket automated packaging machine right in our booth! Check out our exciting patent-pending "cool" heat-seal technology, which will triple your fulfillment speed!*

*Output Varies

Along with the PACJacket system, we will be showcasing our full line of protective packaging that makes PAC who we are. Check out our 100% recyclable mailers (bubble, flat poly and paperboard)!

BUBBLEMAN WILL BE THERE!

Come see him at our booth and receive a special gift!
