

# Airjacket Poly Bubble Mailers

## Product Description

**Airjackets** are unique, light-weight protective bubble mailers made from a durable, moisture resistant, multi-layer blend of co-extruded polyethylene film. The exterior film is laminated to a resilient interior bubble material for effective cushioning protection and is constructed with a bottom fold and strong side heat seals for superior bursting strength. The bright white exterior film creates the professional image you are looking for and our pressure sensitive self-seal adhesive closure system is reliable, tamper-evident and easy to use. Ideal for CDs, DVDs, books, jewelry and pharmaceuticals.

**PACzip** is the latest feature of our Airjacket. This allows the mailer to be opened more easily by the recipient but does not compromise the integrity of the mailer or the security of the contents in transit.

## Stock or Custom Solutions

### Closure System

Pressure sensitive (self-seal) adhesive closure is reliable and tamper-evident. **Anti-stat** release liner peels off quickly. Easy to load contents and seal package when the packing process needs to be fast and efficient.

### Opening System

**PACzip** tear strip provides quick and easy opening. Saves time in product retrieval, does not compromise the security of the contents in transit or the integrity of the mailer like a traditional perforation.

### Material

Multi-layer (co-extruded) polyethylene exterior film laminated to an interior bubble material. Durable, moisture resistant with exceptional puncture resistance and tear strength. Clean white, aesthetic appearance. Lightweight and small cubic dimensions. Effective protection for your documents and valuable products. Enhances your corporate image and customer perception of your product(s).

### Construction

Side pouch heat seal and bottom fold construction offers superior bursting strength. Your contents will remain secure from the point of origin to its destination.

### Cross Section View

7/64" bubble height.

### Stock Products Program

Plain white Airjackets are available in 11 industry standard sizes. Offers low minimum quantities and immediate shipment. Save money by ordering only what you need.

### Custom Capabilities

Custom, high quality graphics with up to six ink colors on two sides. Enhances your corporate image and product value with immediate brand recognition. Custom sizes available.

HDPE

LDPE

The Airjacket is 100% recyclable.

The Airjacket is also available in **Biodegradable** form.
