

PAC Contract Services

Packaging Solutions Begin With PAC™

PAC Contract Services (PCS) is a full-service provider of packaging design, sourcing, custom assembly, fulfillment, logistics and distribution solutions. We use automated, semi-automated and manual capabilities to maximize efficiencies while assuring the utmost attention to detail. Our contract services facility located in Cincinnati, Ohio is within a two day transit to over 75% of the country's population centers. Our parent company, PAC Worldwide is an innovative manufacturer of protective flexible packaging and has facilities strategically located throughout the USA and around the globe.
