

PAC Contract Services

Packaging Solutions Begin With PAC™

PAC Contract Services (PCS) is a full-service provider of custom package assembly, fulfillment, logistics, and distribution solutions. We use automated, semi-automated and manual capabilities to maximize efficiencies while assuring the utmost attention to detail. Our contract services facility located in Cincinnati, Ohio is within a two day transit to over 75% of the country's population centers. Our parent company, PAC Worldwide is an innovative manufacturer of protective flexible packaging and has facilities strategically located throughout the USA and around the globe.

PCS Capabilities:
