

Cold Chain Packaging Products

Recyclable Solutions for Temperature-Sensitive Shipments

CoolPAC® products are the ultimate in thermal protection. Our insulated box liners, mailers, pouches, roll stock and pallet covers create the ideal temperature-controlled environment for shipping prepared meals, pharmaceuticals, flowers, cosmetics, chocolates, and so much more. Greatly reduce radiant heat transfer, reduce foam packaging waste, and ship with a quality cold chain solution.

CoolPAC cold chain packaging products

- Protect against radiant heat intrusion
- Reduce heat infiltration points
- Feature a peel and seal release liner for easy closure
- Protect against freezing during winter months
- Take up less space in the warehouse
- Are available in custom sizes
- Are made with materials that are FDA approved for food contact
- Greatly reduce DIM weights compared to traditional coolers and insulated boxes
- Are recyclable through the Trex® Recycling Program

Trex® Recycling Program

Recycling Packaging into Trex Decking

PAC Worldwide is a proud member of the **Trex® Recycling Program** to help keep waste out of landfills.

For more information, visit: www.trex.com/recycling/recycling-programs/

Trex makes it easy to recycle
CoolPAC packaging products!

Look for these bins and signage near store entrances and drop off packaging.

The collected packaging then becomes
Earth-friendly composite decking and railing!

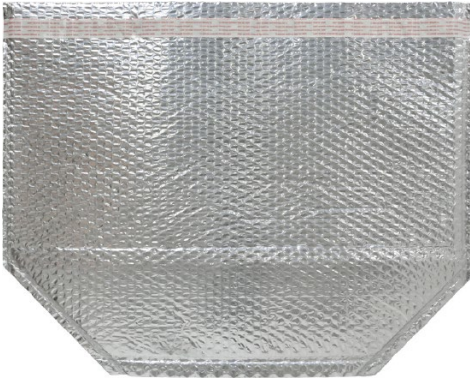

Go to trexrecycling.com
to see participating retailers.

Shipping Comparison

CoolPAC Saves on Freight and Warehouse Space

CoolPAC Box Liner (8" x 8" x 8")

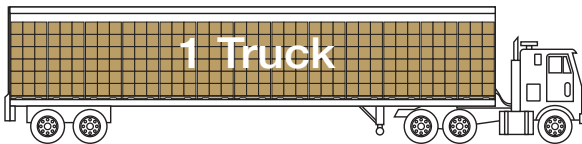

1,350 per pallet x 27 pallets per truck
= 36,450 CoolPAC Box Liners per truck

EPS Foam Lined Box (8" x 8" x 8")

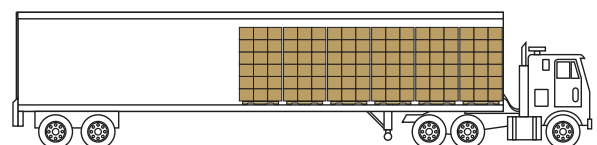

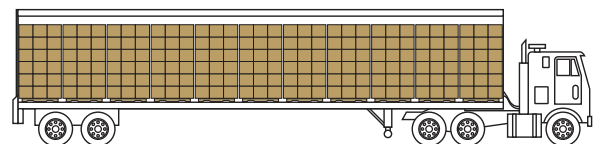

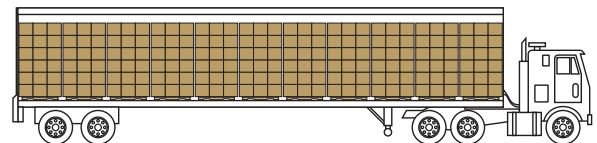

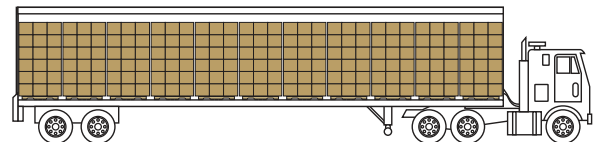

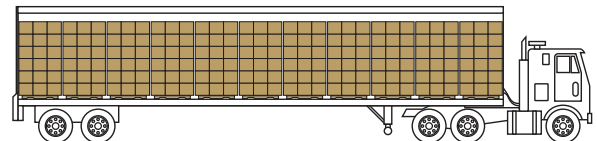

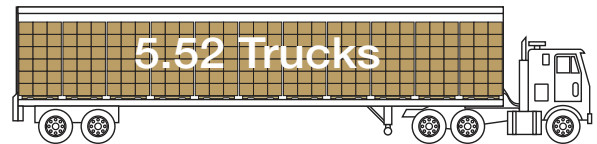

300 per pallet x 22 pallets per truck
= 6,600 Foam Lined Boxes per truck

One truck load of CoolPAC Box Liners is equivalent to 5.52 truck loads of Foam Lined Boxes

Recyclable Solutions for Temperature-Sensitive Shipments

STOCK PRODUCTS

Box Liners

CoolPAC's specialized bubble offers both thermal protection and physical protection as your products make their way through the mail system. Available in any size, including these standard sizes:

- 6" x 6" x 6"
- 8" x 8" x 8"
- 10" x 10" x 10"
- 11" x 8.5" x 5.5"
- 12" x 10" x 9"
- 12" x 12" x 12"
- 16" x 16" x 16"

Mailers and Pouches

CoolPAC mailers are ideal for shipping items that do not need a box for extra protection. When a gel pack is included, the bubble-lined mailer offers just the right amount of protection and insulation. Available in any size, including these standard sizes:

- 8" x 11"
- 11" x 15"
- 12" x 17"
- 15" x 17"
- 22" x 18"

CUSTOM PRODUCTS

Roll Stock

CoolPAC reflective roll stock is ideal for wrapping pallets, lining boxes (A/B liners) and wrapping larger, perishable items. Roll stock allows you to customize shipments that vary in size. Sizes range from 12" - 48" wide, with roll lengths up to 750 feet long.

Pallet Covers

CoolPAC pallet covers are ideal for wrapping larger items, and are customizable to protect shipments that vary in size. Suggested industry pallet cover sizes:

- 48" x 42" x 48"
- 48" x 42" x 60"
- 48" x 42" x 72"
