

RECYCLING TIPS

HOW TO RECYCLE POLY & BUBBLE MAILERS

Remember to remove the paper label

Recycle your used mailers with other plastic films

Grocery store plastic bag recycling bins will accept #2 and #4 code poly mailers

IS IT FULLY RECYCLABLE?

Here's how you can be sure

Poly mailers with the #2 and/or #4 plastic codes are recyclable with other plastic films

If you see this how2recycle label printed on your mailer, you can guarantee it is recyclable

Visit how2recycle.info for details

HOW IT WORKS

Here's what happens when your mailer is recycled.

Plastic is collected from the store and baled

It's transported to specialized recycling facilities where it's sorted, cleaned, and processed into recycled pellets

NEW PRODUCTS

Recycled plastic can be made into new things

Water pipes

Composite decking

New trash liners

Furniture
