

PAC Contract Services

PAC Contract Packaging Services, or PCS, provides full-service fulfillment, logistics, custom package assembly and distribution solutions.

FEATURES & BENEFITS:

Located in Cincinnati, Ohio, our contract packaging services facility uses automated, semi-automated and manual capabilities with extreme attention to detail and maximum efficiency. The facility is within a two-day transit to 75% of the country's most densely populated areas.

It also has on-site 18,000 pallet capacity and trailer yard for shipment and equipment. The warehouse utilizes rack and bulk storage options for efficient handling of a variety of standard and non-standard sized inventory items. The warehouse configuration allows for multiple shift operations and fully-customizable outbound shipment and fulfillment solutions.

PCS offers unique capabilities, such as: blister wrapping, package assembly, kitting, shrink wrapping, sleeving, banding, collating, labeling, sorting, inventory control and POP display builds.

We are also dedicated to finding eco-friendly methods of procurement and recycling level procedures. Our services are available to businesses large and small. We offer the knowledge of our highly trained staff and packaging professionals to work with you through the entire process to ensure that your product is brought to the market in the quickest and most effective manner possible. Let us lend a helping hand and help alleviate any problems with the packaging process by creating a custom solution for your business.
